Welcome to our 2015 Collection designed with Spring in mind.

We are proud to present our current range in this catalogue from garden furniture through to kitchen and utility.

We are also launching a dedicated Trade Website to streamline ordering and give you better up to date stock information.

Please refer to www.gardentradingwholesale.com in conjunction with this catalogue to ensure the designs you need are readily available. Where possible, we have echoed the categories online to ensure easy referencing.

We are thrilled with our new Thyme green colour which is fast becoming a classic in our garden collection and even extends to a new bistro bench outdoors.

We have extended our collection of planters and plant supports to ensure there is even wider choice in both design and sizes.

As always our designs are 'grown in the UK' and produced with trusted factories to deliver high quality at a sensible price.

We hope that our new website will make ordering from us even easier.
