Spring/Summer 2015

Front Cover: Bermondsey Table Lamp
Oak/Aluminium: see p28

This page: Double Paris Light - Adjustable: see p16

Welcome to our 2015 Lighting Collection with over 75 designs, offering many solutions from indoor pendants to outdoor path lighting. We particularly love our new Chamonix recessed spotlight which adds an industrial edge to any ceiling. Our new Bermondsey table and wall lights finished in brushed aluminium have also been very well received. We have extended our hugely popular St Ives range which you will find in the Outdoor section, starting on page 32.

We have recently launched a dedicated Trade Website to streamline ordering and give you better up to date stock information. Please refer to www.gardentradingwholesale.com in conjunction with this catalogue to ensure the designs you need are readily available.

As ever, we continue to strive to deliver high quality at a sensible price and hope that you will find your perfect lighting solution.
